## IS IOWA'S CANDIDATE

GOVERNOR SHAW'S BOOM FOR  
THE PRESIDENCY IS OFFI-  
CIALLY LAUNCHED.

ANNOUNCED BY DOLLIVER

Junior Senator From the Hawkeye  
State Declares That His Common-  
wealth Is Back of Its Chief Execu-  
tive Solidly—Believes That Other  
Sections of the Country Can Be  
Counted on to Support Him.

Chicago, Aug. 31.—Senator Dolliver  
of Iowa, while in Chicago, announced  
that Governor Shaw of Iowa would be  
a candidate for the presidency. The  
senator also said that Iowa and a  
considerable portion of the Middle  
West would be back of Iowa's favorite  
son.

Senator Dolliver's announcement  
was precipitated by the fact that his  
presence in Chicago was reported to  
be for the purpose of meeting Vice  
President Roosevelt. Senator Dolliver  
said:

"Vice President Roosevelt is a popu-  
lar man and has hosts of friends, but  
I do not know whether he is launching  
any boom for 1904 at this time.

"Iowa has a candidate in the person  
of Leslie M. Shaw and my state is  
back of him solidly. I believe that we  
can count upon other support, but the  
date of the next convention is far off  
and many things may happen between  
now and then. Governor Shaw has a  
strong hold upon Iowa and the nation.  
He is a safe, conservative man, and  
a man of ability. His reputation is not  
confined to the borders of his own  
state and his term of governor of  
Iowa has been one of the most suc-  
cessful in the history of the common-  
wealth."

WRECK OF THE TRENTON.

Now Reasonably Certain That Twenty-  
eight Persons Perished.

Philadelphia, Aug. 31.—It is now  
reasonably certain that at least 28  
persons perished as a result of the ex-  
plosion of one of the boilers of the  
steamer City of Trenton on the Dela-  
ware river above this city. This con-  
clusion is reached by the police au-  
thorities through the fact that 17 per-  
sons who are reported by their rela-  
tives to have been on the  
steamer have not yet been found.  
These missing persons, with 11 bod-  
ies already recovered, makes a total  
of 28. Ten persons are still in a serious  
condition as a result of the dis-  
aster, of whom four are in a critical  
condition and may die.

The city and federal boiler in-  
spectors are rigidly pursuing their in-  
vestigation, but they cannot accomplish  
much until the exploded boiler, which  
was blown clean out of the vessel into  
the middle of the river, has been re-  
covered. The owners of the steamer  
have consented to raise and place it  
at the disposal of the authorities. The  
theory that water was let into the  
boiler after it had become dry and as  
a result the crown sheet blew out is  
gaining ground among experts. This,  
engineers claim, could happen only  
through the negligence of the engi-  
neer.

The wrecked vessel was floated dur-  
ing the day and towed down the river  
to Neafie & Levy's shipyard, where a  
more minute inspection of the interior  
of the steamer will be made.

Neither Chief Engineer Murphy of  
the City of Trenton nor the company  
will make a statement until the in-  
vestigation is complete.

posed court of inquiry is held by the  
United States inspector of steam ves-  
sels.

ESTABLISH OPEN AIR CAMPS.

Wisconsin Board of Health Consider-  
ing a Plan for Consumptives.

La Crosse, Wis., Aug. 31.—Dr. F. C.  
Sulter of the state board of health an-  
nounces that that body is considering  
favorably a plan for the establishment  
and maintenance by the state of open  
air camps for consumptives, following  
the action taken by the state of New  
York. It is proposed to establish the  
camps in the pines in the northern part  
of the state, where the altitude is  
almost perfect and the ozone is  
very beneficial to consumptives. The  
plan is to have the tuberculosis vic-  
tims eat, sleep and live in the open  
air, both summer and winter, with  
only felt blankets for protection.

SEVERAL WERE KILLED.

Freight Train Crashes Into a Passen-  
ger Near Kalispell, Mon.

Spokane, Wash., Aug. 31.—Great  
Northern officials here have received  
only meager reports of a wreck near  
Kalispell, Mon. A freight train ran  
away on a steep grade in the moun-  
tains east of Kalispell and crashed  
into a passenger train. The great-  
est loss of life is said to have been  
among a carload of Italian laborers,  
several of whom are reported to have  
been killed outright, while others were  
injured. It has been impossible as yet  
to learn the names of any of the  
killed. The reports say the wreck  
took fire and the telegraph line  
burned.

FOUR ITALIANS WOUNDED.

Have a Sanguinary Row With Ameri-  
cans at Plum Lake, Wis.

Rhineland, Wis., Aug. 31.—A  
shooting affray is reported from Plum  
Lake, 20 miles north of here, in Vilas  
county, in which four Italians, rail-  
road laborers, were wounded. A crowd  
of Italian laborers employed by the  
Milwaukee road near Plum Lake be-  
came involved in a fracas with a  
crew of American section hands. One  
hundred shots were fired and the four  
Italians were wounded, two seriously.  
The Americans claim that the Italians  
brought on the trouble. The sheriff  
quelled the trouble after making many  
arrests.

COPPER PRODUCTION.

Great Output From Northern Michigan  
Mines During August.

Houghton, Mich., Aug. 31.—Copper  
production for August of the lake  
mines will break all records in their  
history. Big increases are looked for  
in Quincy, Franklin, Osceola and At-  
lantic productions, and likely the  
Tamarack. The latter's No. 5 shaft,  
the deepest verticle shaft in the world,  
will soon be producing and the ground  
opened up will last for a century's  
mining.

Arrived Ahead of Time.

Sioux Falls, S. D., Aug. 31.—Fred  
Culbert, who left New York May 1 to  
walk to Sioux Falls on a wager of  
\$5,000, arrived here at 4 o'clock p. m.,  
32 hours ahead of time, having walked  
2,200 miles. Culbert left without a  
cent and has not slept in a bed since  
his departure from New York.

Ten Years for Lynching.

Wetumpka, Ala., Aug. 31.—The jury  
in the cases of John Strength and Mar-  
tin Fuller, charged with having par-  
ticipated in the lynching of Robert  
White, a negro, has returned a verdict  
of guilty of murder in the second de-  
gree and sentenced the defendants to  
10 years in the penitentiary.

Breckinridge Accepts a Professorship.

Danville, Ky., Aug. 31.—Colonel W.  
C. P. Breckinridge, ex-member of con-  
gress, has accepted a professorship  
in the law department of Central uni-  
versity, located at Danville, Ky. He  
will assume his duties at the begin-  
ning of the session in September.

## SCHEEPER'S INVASION

IS IN A PART OF CAPE COLONY  
PREVIOUSLY UNDISTURBED  
BY THE BOERS.

MUCH DISORDER AND ALARM

Burglars Are Receiving Support From

All Sides—Severe Penalties Than  
Kitchener's Proclamation Needed.  
British Government and Not His  
Lordship Blamed for the Present  
Evils.

London, Aug. 31.—Some interesting  
side lights are thrown on the South  
African war by advices published  
here. A dispatch from Cape Town to  
The Daily Mail indicates that Scheep-  
er's commando has now moved to the  
southwest and invaded a part of Cape  
Colony previously undisturbed by the  
Boers, while more severe restrictions  
have been imposed with the object of  
preventing communication between  
Cape Town and the newly disturbed  
areas.

The Cologne Gazette's correspond-  
ent in Cape Town declares that the  
entire Cape Colony is a "seething  
mass of disorder and alarm." He as-  
serts also that the Boers are receiv-  
ing support from all sides.

Edgar Wallace, writing to The Daily  
Mail, expresses a decided opinion  
that Lord Kitchener's banishment  
proclamation will not result in the  
surrender of a single important com-  
mandant, and that much severer pen-  
alties are needed, the only useful pol-  
icy being vigorous military measures.

In the early part of August a corre-  
spondent of The Morning Post had a  
long talk with Lord Kitchener, from  
which he gathered that "it is not Lord  
Kitchener but the government that is  
to blame for many of the present  
evils." Lord Kitchener, it seems,  
complained that the home government  
Continually Worried Him

about trivial details, "merely to reply  
to parliamentary heckling," and that  
this compelled him to enforce a strict  
censorship over telegrams, although  
personally he objected to the present  
system. He said he thought corre-  
spondents ought to be given greater  
liberty and to be made responsible for  
their statements. He avoided express-  
ing any opinion about the "approach-  
ing end of the war," and dissuaded  
the correspondent from speaking con-  
cerning it.

Both The Morning Post and The  
Standard give information as to the  
concentration camps, and confirm the  
reports of very heavy mortality there,  
especially among the children. In July  
this is said to be largely due to the  
ignorance and unsanitary habits of  
the Boers, but conditions are rapidly  
improving. At the beginning of Au-  
gust there were 100,000 persons in the  
concentration camps.

A correspondent of The Morning  
Post asserts that the Boer refugees  
get 18 pounds in rations per head, as  
against 12 pounds per head given to  
British loyalists, and he recommends  
as politically and economically advis-  
able that the Boers be removed to the  
coast.

GENERAL LUDLOW DEAD.

Falls a Victim to Consumption After  
a Brief Illness.

New York, Aug. 31.—Brigadier Gen-  
eral William Ludlow, U. S. A., died at  
Convent, N. J., of consumption, at the  
house of Mr. Griscom. His illness  
was first noticed on his arrival in the  
Philippines in May last. He was at  
once sent home in the hope that the  
American climate would restore him.

General Ludlow was one of the best  
known officers in the army. He en-  
tered the military academy from New  
York in 1869 and graduated before  
the close of the Civil war, entering the  
corps of engineers. He rendered con-  
spicuous service in the South, for  
which he was brevetted lieutenant col-  
onel. In May, 1898, he was made a  
brigadier general of volunteers and  
took an important part in the opera-  
tions around Santiago. He was pro-  
moted to be major general of volun-  
teers in recognition of his services.

Upon the rearrangement of the volun-  
teer officers after the close of the  
Spanish war he became a brigadier  
general of volunteers and retained  
that position until appointed a brig-  
adier general in the regular army last  
January. Soon after his appointment  
he went to the Philippines, but a  
short service there developed tuber-  
culosis and he was invalided home.

His friends have known for some time  
that his death was but a question of  
time. While he was serving as brig-  
adier general of volunteers he was  
military governor of Havana and in-  
stituted many reforms in the govern-  
ment of that city. He was the ideal  
soldier in appearance and was a man  
of great ability.

A SIXTY-MILE GALE.

Fiercest Wind Storm in Years at St.  
Joseph, Mich.

St. Joseph, Mich., Aug. 31.—The  
fiercest wind storm in years is sweep-  
ing this section. After a terrible ex-  
perience the steamer City of Milwaukee  
reached here from Chicago after  
several hours battling with the waves  
and landed over 400 passengers with  
difficulty. Much anxiety is felt for  
the steamer City of Chicago, which  
left here for Chicago, as the wind is  
blowing a 60 mile gale.

## WOOD WINS OUT.

Interior Department Ruling in the  
Lawton Land Case.

Washington, Aug. 31.—In the con-  
test case of J. L. Calvert against  
James R. Wood, coming from the  
Lawton, O. T., land district, and in-  
volving entry No. 1, the acting sec-  
retary of the interior has rendered a  
decision refusing to order a hearing  
on the case. The charges upon which  
the contest was founded were sub-  
stantially that Wood's entry was made  
in violation of the homestead law by  
reason of its location on the south  
line of the town of Lawton, and that  
the entry embraces a tract a mile  
long and only a quarter of a mile  
wide and was so taken for speculative  
purposes and not for agricultural  
purposes, and that the entry was made  
at a time when there were a large  
number of towns site settlers on the land,  
who occupied it for trade and busi-  
ness purposes.

The decision holds that the selec-  
tion and entry of land adjacent to the  
town of Lawton was not in violation  
of the letter or spirit of the law, and  
that the fact that there may have been  
alleged towns site settlers on the lands  
at the time he made his entry does not  
affect Wood's right of entry. It is  
further held in the opinion that  
Wood's entry is not invalid on account  
of the form of the tract embraced, as  
the special provisions of the act of  
May 2, 1890, do not control in this  
matter.

GUILTY OF PERJURY.

Land Office Would Disbar a South  
Dakota Attorney.

Rapid City, S. D., Aug. 31.—The of-  
ficers of the United States land office  
in this city have received instructions  
from the general land office at Wash-  
ington to commence disbarment pro-  
ceedings against O. L. Cooper, a prom-  
inent attorney of this city. The  
charges in the complaint set forth that  
Cooper has been guilty of perjury in his  
practice before the land office; also  
that he has secured illegal home-  
stead entries; has threatened the lives  
of the officials of the land office in this  
city and has done several unlawful  
things.

BATTLE WITH HORSE THIEVES.

North Dakota Ranchmen Recover Stol-  
en Live Stock.

Medora, N. D., Aug. 31.—Horse-  
thieves visited the ranch of A. C. Hul-  
dekofer in this county a few nights  
since, stole provisions from the store-  
house, saddle horses from the corrals  
and 100 head of fullblooded Normans  
from the pasture and started south.

They were attacked by men of the  
Carey Cattle company and compelled  
to give up the stolen horses. Some  
valued at \$1,000 per head were found  
dead on the trail. A sheriff's posse is  
following the thieves.

WANT BETTER WAGES.

Packinghouse Employes at Omaha  
Start a National Movement.

Omaha, Aug. 31.—One hundred  
skilled butchers and 1,800 unskilled  
laborers employed in the packing-  
houses of South Omaha have deman-  
ded an increase in wages. The butchers  
demand an increase of 5 cents an hour,  
making the scale 50 cents, and the la-  
borers, who have been receiving 15  
cents, ask for an increase to 17 1/2  
cents an hour. The men say there is  
to be a similar demand for a better  
scale in all the packinghouses of the  
country.

WILL PROBABLY RETIRE.

Lord Salisbury to Quit After King Ed-  
ward's Coronation.

London, Aug. 31.—The Pall Mall  
Gazette, under the heading, "The  
Prime Minister's Impending Resigna-  
tion," fixes Lord Salisbury's retire-  
ment as probably after the coronation  
of King Edward, though some persons  
place it in the autumn or early winter.  
Supporting the news editorially, The  
Pall Mall Gazette says: "The facts  
square with our own knowledge to the  
extent that the unionist party should  
prepare for a new premiership."

Drowned While Forging a River.

Huntsville, Tex., Aug. 31.—Hon. H.  
M. Randolph, former law partner of  
Congressman T. H. Ball, was drowned  
with his negro driver while trying to  
ford the Trinity river. The bodies  
were recovered.

Highest Price in Seven Years.

Sioux City, Ia., Aug. 31.—The high-  
est price paid for hogs during the past  
seven years was recorded on the Sioux  
City market, reaching \$6.25. The  
average cost for the day was \$6.01.

VALUABLE HORSES BURNED.

Fire Breaks Out at the Fair Grounds  
Race Track at St. Louis.

St. Louis, Aug. 31.—Fire that broke  
out in the southwest corner of the fair  
grounds race track consumed about a  
dozen stables, valued at \$5,500, and  
burned to death a number of valuable  
race horses. Great excitement pre-  
vailed during the fire. Horses were  
turned loose and ran away in every  
direction. It is impossible to learn  
the names of all the animals con-  
sumed, but it is known that Tom  
Cromwell, Miss Faustus and Silent  
Brook met their death. It was report-  
ed that a sick boy had been inciner-  
ated in one of the stables, but this  
could not be corroborated.

To Investigate Islander Wreck.

Victoria, B. C., Sept. 2.—A court of  
inquiry into the loss of the steamer  
Islander, which was wrecked off the  
coast of Alaska, resulting in the loss  
of many lives, will begin its sitting  
here on Tuesday morning. Captain  
Gaudin, local agent of marine, will  
hold the investigation.

killed. The reports say the wreck  
took fire and the telegraph line  
burned.

## FOUR ITALIANS WOUNDED.

Have a Sanguinary Row With Ameri-  
cans at Plum Lake, Wis.

Rhineland, Wis., Aug. 31.—A  
shooting affray is reported from Plum  
Lake, 20 miles north of here, in Vilas  
county, in which four Italians, rail-  
road laborers, were wounded. A crowd  
of Italian laborers employed by the  
Milwaukee road near Plum Lake be-  
came involved in a fracas with a  
crew of American section hands. One  
hundred shots were fired and the four  
Italians were wounded, two seriously.  
The Americans claim that the Italians  
brought on the trouble. The sheriff  
quelled the trouble after making many  
arrests.

## MUCH DISORDER AND ALARM

Burglars Are Receiving Support From  
All Sides—Severe Penalties Than  
Kitchener's Proclamation Needed.  
British Government and Not His  
Lordship Blamed for the Present  
Evils.

London, Aug. 31.—Some interesting  
side lights are thrown on the South  
African war by advices published  
here. A dispatch from Cape Town to  
The Daily Mail indicates that Scheep-  
er's commando has now moved to the  
southwest and invaded a part of Cape  
Colony previously undisturbed by the  
Boers, while more severe restrictions  
have been imposed with the object of  
preventing communication between  
Cape Town and the newly disturbed  
areas.

The Cologne Gazette's correspond-  
ent in Cape Town declares that the  
entire Cape Colony is a "seething  
mass of disorder and alarm." He as-  
serts also that the Boers are receiv-  
ing support from all sides.

Edgar Wallace, writing to The Daily  
Mail, expresses a decided opinion  
that Lord Kitchener's banishment  
proclamation will not result in the  
surrender of a single important com-  
mandant, and that much severe pen-  
alties are needed, the only useful pol-  
icy being vigorous military measures.

In the early part of August a corre-  
spondent of The Morning Post had a  
long talk with Lord Kitchener, from  
which he gathered that "it is not Lord  
Kitchener but the government that is  
to blame for many of the present  
evils." Lord Kitchener, it seems,  
complained that the home government  
Continually Worried Him

about trivial details, "merely to reply  
to parliamentary hecking," and that  
this compelled him to enforce a strict  
censorship over telegrams, although  
personally he objected to the present  
system. He said he thought corre-  
spondents ought to be given greater  
liberty and to be made responsible for  
their statements. He avoided express-  
ing any opinion about the "approach-  
ing end of the war," and dissuaded  
the correspondent from speaking con-  
cerning it.

Both The Morning Post and The  
Standard give information as to the  
concentration camps, and confirm the  
reports of very heavy mortality there,  
especially among the children. In July  
this is said to be largely due to the  
ignorance and unsanitary habits of  
the Boers, but conditions are rapidly  
improving. At the beginning of Au-  
gust there were 100,000 persons in the  
concentration camps.

A correspondent of The Morning  
Post asserts that the Boer refugees  
get 18 pounds in rations per head, as  
against 12 pounds per head given to  
British loyalists, and he recommends  
as politically and economically advis-  
able that the Boers be removed to the  
coast.

## GENERAL LUDLOW DEAD.

Falls a Victim to Consumption After  
a Brief Illness.

New York, Aug. 31.—Brigadier Gen-  
eral William Ludlow, U. S. A., died at  
Convent, N. J., of consumption, at the  
house of Mr. Griscom. His illness  
was first noticed on his arrival in the  
Philippines in May last. He was at  
once sent home in the hope that the  
American climate would restore him.

General Ludlow was one of the best  
known officers in the army. He en-  
tered the military academy from New  
York in 1869 and graduated before  
the close of the Civil war, entering the  
corps of engineers. He rendered con-  
spicuous service in the South, for  
which he was brevetted lieutenant col-  
onel. In May, 1898, he was made a  
brigadier general of volunteers and  
took an important part in the opera-  
tions around Santiago. He was pro-  
moted to be major general of volun-  
teers in recognition of his services.  
Upon the rearrangement of the volun-  
teer officers after the close of the  
Spanish war he became a brigadier  
general of volunteers and retained  
that position until appointed a brig-  
adier general in the regular army last  
January. Soon after his appointment  
he went to the Philippines, but a  
short service there developed tuber-  
culosis and he was invalided home.  
His friends have known for some time  
that his death was but a question of  
time. While he was serving as brig-  
adier general of volunteers he was  
military governor of Havana and in-  
stituted many reforms in the govern-  
ment of that city. He was the ideal  
soldier in appearance and was a man  
of great ability.

## A SIXTY-MILE GALE.

Fiercest Wind Storm in Years at St.  
Joseph, Mich.

St. Joseph, Mich., Aug. 31.—The  
fiercest wind storm in years is sweep-  
ing this section. After a terrible ex-  
perience the steamer City of Milwau-  
kee reached here from Chicago after  
several hours battling with the waves  
and landed over 400 passengers with  
difficulty. Much anxiety is felt for  
the steamer City of Chicago, which  
left here for Chicago, as the wind is  
blowing a 60 mile gale.

## WOOD WINS OUT.

Interior Department Ruling in the  
Lawton Land Case.

Washington, Aug. 31.—In the con-  
test case of J. L. Calvert against  
James R. Wood, coming from the  
Lawton, O. T., land district, and in-  
volving entry No. 1, the acting sec-  
retary of the interior has rendered a  
decision refusing to order a hearing  
on the case. The charges upon which  
the contest was founded were sub-  
stantially that Wood's entry was made  
in violation of the homestead law by  
reason of its location on the south  
line of the town of Lawton, and that  
the entry embraces a tract a mile  
long and only a quarter of a mile  
wide, and was so taken for speculative  
purposes and not for agricultural pur-  
poses, and that the entry was made at  
a time when there were a large num-  
ber of townsite settlers on the land,  
who occupied it for trade and busi-  
ness purposes.

The decision holds that the selec-  
tion and entry of land adjacent to the  
town of Lawton was not in violation  
of the letter or spirit of the law, and  
that the fact that there may have been  
alleged townsite settlers on the lands  
at the time he made his entry does not  
affect Wood's right of entry. It is  
further held in the opinion that  
Wood's entry is not invalid on account  
of the form of the tract embraced, as  
the special provisions of the act of  
May 2, 1890, do not control in this  
matter.

## GUILTY OF PERJURY.

Land Office Would Disbar a South  
Dakota Attorney.

Rapid City, S. D., Aug. 31.—The of-  
ficers of the United States land office  
in this city have received instructions  
from the general land office at Wash-  
ington to commence disbarment pro-  
ceedings against O. L. Cooper, a prom-  
inent attorney of this city. The  
charges in the complaint set forth that  
Cooper has been guilty of perjury in  
his practice before the land office;  
also that he has secured illegal home-  
stead entries; has threatened the lives  
of the officials of the land office in this  
city and has done several unlawful  
things.

## BATTLE WITH HORSE THIEVES.

North Dakota Ranchmen Recover Stol-  
en Live Stock.

Medora, N. D., Aug. 31.—Horse-  
thieves visited the ranch of A. C. Hul-  
dekofer in this county a few nights  
since, stole provisions from the store-  
house, saddle horses from the corrals  
and 100 head of fullblooded Normans  
from the pasture and started south.  
They were attacked by men of the  
Carey Cattle company and compelled  
to give up the stolen horses. Some  
valued at \$1,000 per head were found  
dead on the trail. A sheriff's posse is  
following the thieves.

## WANT BETTER WAGES.

Packinghouse Employees at Omaha  
Start a National Movement.

Omaha, Aug. 31.—One hundred  
skilled butchers and 1,800 unskilled  
laborers employed in the pack-  
inghouses of South Omaha have de-  
manded an increase in wages. The butchers  
demand an increase of 5 cents an hour,  
making the scale 50 cents, and the la-  
borers, who have been receiving 15  
cents, ask for an increase to 17 1/2  
cents an hour. The men say there is  
to be a similar demand for a better  
scale in all the packinghouses of the  
country.

## WILL PROBABLY RETIRE.

Lord Salisbury to Quit After King Ed-  
ward's Coronation.

London, Aug. 31.—The Pall Mall  
Gazette, under the heading, "The  
Prime Minister's Impending Resigna-  
tion," fixes Lord Salisbury's retire-  
ment as probably after the coronation  
of King Edward, though some persons  
place it in the autumn or early winter.  
Supporting the news editorially, The  
Pall Mall Gazette says: "The facts  
square with our own knowledge to the  
extent that the unionist party should  
prepare for a new premiership."

## Drowned While Forging a River.

Huntsville, Tex., Aug. 31.—Hon. H.  
M. Randolph, former law partner of  
Congressman T. H. Ball, was drowned  
with his negro driver while trying to  
ford the Trinity river. The bodies  
were recovered.

## Highest Price in Seven Years.

Sioux City, Ia., Aug. 31.—The high-  
est price paid for hogs during the past  
seven years was recorded on the Sioux  
City market, reaching \$6.25. The  
average cost for the day was \$6.01.

## VALUABLE HORSES BURNED.

Fire Breaks Out at the Fair Grounds  
Race Track at St. Louis.

St. Louis, Aug. 31.—Fire that broke  
out in the southwest corner of the fair  
grounds race track consumed about a  
dozen stables, valued at \$5,500, and  
burned to death a number of valuable  
race horses. Great excitement pre-  
vailed during the fire. Horses were  
turned loose and ran away in every  
direction. It is impossible to learn  
the names of all the animals con-  
sumed, but it is known that Tom  
Cromwell, Miss Faustus and Silent  
Brook met their death. It was report-  
ed that a sick boy had been inciner-  
ated in one of the stables, but this  
could not be corroborated.

## To Investigate Islander Wreck.

Victoria, B. C., Sept. 2.—A court of  
inquiry into the loss of the steamer  
Islander, which was wrecked off the  
coast of Alaska, resulting in the loss  
of many lives, will begin its sitting  
here on Tuesday morning. Captain  
Gaudin, local agent of marine, will  
hold the investigation.

### IS IOWA'S CANDIDATE

GOVERNOR SHAW'S BOOM FOR  
THE PRESIDENCY IS OFFI-  
CIALLY LAUNCHED.

ANNOUNCED BY DOLLIVER

Junior Senator From the Hawkeye  
State Declares That His Common-  
wealth Is Back of Its Chief Execu-  
tive Solidly—Believes That Other  
Sections of the Country Can Be  
Counted on to Support Him.

Chicago, Aug. 31.—Senator Dolliver  
of Iowa, while in Chicago, announced  
that Governor Shaw of Iowa would be  
a candidate for the presidency. The  
senator also said that Iowa and a  
considerable portion of the Middle  
West would be back of Iowa's favorite  
son.

Senator Dolliver's announcement  
was precipitated by the fact that his  
presence in Chicago was reported to  
be for the purpose of meeting Vice  
President Roosevelt. Senator Dolliver  
said:

"Vice President Roosevelt is a popu-  
lar man and has hosts of friends, but  
I do not know whether he is launching  
any boom for 1904 at this time.

"Iowa has a candidate in the person  
of Leslie M. Shaw and my state is  
back of him solidly. I believe that we  
can count upon other support, but the  
date of the next convention is far off  
and many things may happen between  
now and then. Governor Shaw has a  
strong hold upon Iowa and the nation.  
He is a safe, conservative man, and a  
man of ability. His reputation is not  
confined to the borders of his own  
state and his term of governor of  
Iowa has been one of the most suc-  
cessful in the history of the common-  
wealth."

### WRECK OF THE TRENTON.

Now Reasonably Certain That Twenty-  
eight Persons Perished.

Philadelphia, Aug. 31.—It is now  
reasonably certain that at least 28  
persons perished as a result of the ex-  
plosion of one of the boilers of the  
steamer City of Trenton on the Dela-  
ware river above this city. This con-  
clusion is reached by the police au-  
thorities through the fact that 17 per-  
sons who are reported by their rela-  
tives or friends to have been on the  
steamer have not yet been found. These  
missing persons, with 11 bodies  
already recovered, makes a total  
of 28. Ten persons are still in a seri-  
ous condition as a result of the dis-  
aster, of whom four are in a critical  
condition and may die.

The city and federal boiler inspec-  
tors are rigidly pursuing their investi-  
gation, but they cannot accomplish  
much until the exploded boiler, which  
was blown clean out of the vessel into  
the middle of the river, has been re-  
covered. The owners of the steamer  
have consented to raise and place it  
at the disposal of the authorities. The  
theory that water was let into the  
boiler after it had become dry and as  
a result the crown sheet blew out is  
gaining ground among experts. This,  
engineers claim, could happen only  
through the negligence of the engi-  
neer.

The wrecked vessel was floated dur-  
ing the day and towed down the river  
to Nease & Levy's shipyard, where a  
more minute inspection of the interior  
of the steamer will be made.

Neither Chief Engineer Murphy of  
the City of Trenton nor the company  
will make a statement until the in-  
vestigation is complete.

posed court of inquiry is held by the  
United States inspector of steam ves-  
sels.

### ESTABLISH OPEN AIR CAMPS.

Wisconsin Board of Health Consider-  
ing a Plan for Consumptives.

La Crosse, Wis., Aug. 31.—Dr. F. C.  
Sulter of the state board of health an-  
nounces that that body is considering  
favorably a plan for the establishment  
and maintenance by the state of open  
air camps for consumptives, following  
the action taken by the state of New  
York. It is proposed to establish the  
camps in the pineries in the northern  
part of the state, where the altitude  
is almost perfect and the ozone is  
very beneficial to consumptives. The  
plan is to have the tuberculosis vic-  
tims eat, sleep and live in the open  
air, both summer and winter, with  
only felt blankets for protection.

### SEVERAL WERE KILLED.

Freight Train Crashes Into a Passen-  
ger Near Kallispell, Mon.

Spokane, Wash., Aug. 31.—Great  
Northern officials here have received  
only meager reports of a wreck near  
Kallispell, Mon. A freight train ran  
away on a steep grade in the moun-  
tains east of Kallispell and crashed  
into a passenger train. The great-  
est loss of life is said to have been  
among a carload of Italian laborers,  
several of whom are reported to have  
been killed outright, while others were  
injured. It has been impossible as  
yet to learn the names of any of the  
killed. The reports say the wreck  
took fire and the telegraph line  
burned.

house of Mr. Griscom. His illness  
was first noticed on his arrival in the  
Philippines in May last. He was at  
once sent home in the hope that the  
American climate would restore him.

General Ludlow was one of the best  
known officers in the army. He en-  
tered the military academy from New  
York in 1869 and graduated before  
the close of the Civil war, entering the  
corps of engineers. He rendered con-  
spicuous service in the South, for  
which he was brevetted lieutenant col-  
onel. In May, 1898, he was made a  
brigadier general of volunteers and  
took an important part in the opera-  
tions around Santiago. He was pro-  
moted to be major general of volun-  
teers in recognition of his services.  
Upon the rearrangement of the volun-  
teer officers after the close of the  
Spanish war he became a brigadier  
general of volunteers and retained  
that position until appointed a brig-  
adier general in the regular army last  
January. Soon after his appointment  
he went to the Philippines, but a  
short service there developed tuber-  
culosis and he was invalided home.  
His friends have known for some time  
that his death was but a question of  
time. While he was serving as brig-  
adier general of volunteers he was  
military governor of Havana and in-  
stituted many reforms in the govern-  
ment of that city. He was the ideal  
soldier in appearance and was a man  
of great ability.

### A SIXTY-MILE GALE.

Fiercest Wind Storm in Years at St.  
Joseph, Mich.

St. Joseph, Mich., Aug. 31.—The  
fiercest wind storm in years is sweep-  
ing this section. After a terrible ex-  
perience the steamer City of Milwaukee  
reached here from Chicago after sev-  
eral hours battling with the waves  
and landed over 400 passengers with  
difficulty. Much anxiety is felt for  
the steamer City of Chicago, which  
left here for Chicago, as the wind is  
blowing a 60 mile gale.

### WOOD WINS OUT.

Interior Department Ruling in the  
Lawton Land Case.

Washington, Aug. 31.—In the con-  
test case of J. L. Calvert against  
James R. Wood, coming from the  
Lawton, O. T., land district, and in-  
volving entry No. 1, the acting sec-  
retary of the interior has rendered a  
decision refusing to order a hearing  
on the case. The charges upon which  
the contest was founded were sub-  
stantially that Wood's entry was made  
in violation of the homestead law by  
reason of its location on the south  
line of the town of Lawton, and that  
the entry embraces a tract a mile  
long and only a quarter of a mile  
wide, and was so taken for speculative  
purposes and not for agricultural  
purposes, and that the entry was made  
at a time when there were a large  
number of towns site settlers on the land,  
who occupied it for trade and busi-  
ness purposes.

The decision holds that the selec-  
tion and entry of land adjacent to the  
town of Lawton was not in violation  
of the letter or spirit of the law, and  
that the fact that there may have been  
alleged towns site settlers on the lands  
at the time he made his entry does not  
affect Wood's right of entry. It is  
further held in the opinion that  
Wood's entry is not invalid on account  
of the form of the tract embraced, as  
the special provisions of the act of  
May 2, 1890, do not control in this  
matter.

### GUILTY OF PERJURY.

Land Office Would Disbar a South  
Dakota Attorney.

Rapid City, S. D., Aug. 31.—The of-  
ficers of the United States land office  
in this city have received instructions  
from the general land office at Wash-  
ington to commence disbarment  
proceedings against O. L. Cooper, a promi-  
nent attorney of this city. The charges  
in the complaint set forth that  
Cooper has been guilty of perjury in  
his practice before the land office;  
also that he has secured illegal home-  
stead entries; has threatened the lives  
of the officials of the land office in this  
city and has done several unlawful  
things.

### BATTLE WITH HORSE THIEVES.

North Dakota Ranchmen Recover Stol-  
en Live Stock.

Medora, N. D., Aug. 31.—Horse-  
thieves visited the ranch of A. C. Hul-  
dekofer in this county a few nights  
since, stole provisions from the store-  
house, saddle horses from the corral  
and 100 head of fullblooded Normans  
from the pasture and started south.

They were attacked by men of the  
Carey Cattle company and compelled  
to give up the stolen horses. Some  
valued at \$1,000 per head were found  
on the trail. A sheriff's posse is  
following the thieves.

### WANT BETTER WAGES.

Packhouse Employees at Omaha  
Start a National Movement.

Omaha, Aug. 31.—One hundred  
skilled butchers and 1,800 unskilled  
laborers employed in the pack-  
houses of South Omaha have deman-  
ded an increase in wages. The butchers  
demand an increase of 5 cents an hour,  
making the scale 50 cents, and the la-  
borers, who have been receiving 15  
cents, ask for an increase to 17 1/2  
cents an hour. The men say there is  
to be a similar demand for a better  
scale in all the packinghouses of the  
country.

### WILL PROBABLY RETIRE.

Lord Salisbury to Quit After King Ed-  
ward's Coronation.

London, Aug. 31.—The Pall Mall  
Gazette, under the heading, "The  
Prime Minister's Impending Resigna-  
tion," fixes Lord Salisbury's retire-  
ment as probably after the coronation  
of King Edward, though some persons  
place it in the autumn or early winter.  
Supporting the news editorially, The  
Pall Mall Gazette says: "The facts  
square with our own knowledge to the  
extent that the unionist party should  
prepare for a new premiership."

### Drowned While Forging a River.

Huntsville, Tex., Aug. 31.—Hon. H.  
M. Randolph, former law partner of  
Congressman T. H. Ball, was drowned  
with his negro driver while trying to  
ford the Trinity river. The bodies  
were recovered.

### Highest Price in Seven Years.

Sioux City, Ia., Aug. 31.—The high-  
est price paid for hogs during the past  
seven years was recorded on the Sioux  
City market, reaching \$6.25. The  
average cost for the day was \$6.01.

### VALUABLE HORSES BURNED.

Fire Breaks Out at the Fair Grounds  
Race Track at St. Louis.

St. Louis, Aug. 31.—Fire that broke  
out in the southwest corner of the fair  
grounds race track consumed about a  
dozen stables, valued at \$5,500, and  
burned to death a number of valuable  
race horses. Great excitement pre-  
vailed during the fire. Horses were  
turned loose and ran away in every  
direction. It is impossible to learn  
the names of all the animals con-  
sumed, but it is known that Tom  
Cromwell, Miss Faustus and Silent  
Brook met their death. It was report-  
ed that a sick boy had been inciner-  
ated in one of the stables, but this  
could not be corroborated.

### To Investigate Islander Wreck.

Victoria, B. C., Sept. 2.—A court of  
inquiry into the loss of the steamer  
Islander, which was wrecked off the  
coast of Alaska, resulting in the loss  
of many lives, will begin its sitting  
here on Tuesday morning. Captain  
Gaudin, local agent of marine, will  
hold the investigation.

## CURBSTONE CHAT.

R. D. King: Bicycle tag 507 has been stolen or lost. I would be obliged to anyone if they would report to me if the tag is found.

George McLain, Olwin, Ia.: I used to live in Brainerd thirteen years ago but since that time a great change has been wrought. There have been a great many improvements from time to time and the city is one of the most prosperous looking that I have seen for some time.

Charles E. Peabody: I was very much pleased to see the matter of good roads agitated. The roads leading to the city are certainly in horrible shape and something should be done. I tell you what I am willing to do. If the road connecting Sixth street with the Mille Lac road, about three-quarters of a mile long, is repaired and put in shape I am one who will give \$50 toward such an improvement.

## BLUECOATS ARE BOTH VINDICATED.

The Special Meeting of the Police Committee Held Last Evening

O'NEIL WAS NOT ILLTREATED

The Committee Decides to Recommend A Complete Exoneration.

The police committee composed of Alderman Fogelstrom, Gardner, Koop and Purdy met last night in council chambers and took up the matter of the investigation of the charges made against Officers Preston and Brockway to the effect that they had mistreated Frank O'Neil, the man who unlawfully attacked Officer Hurley in East Brainerd several weeks ago, after he had been arrested and handcuffed. The two officers themselves, Officer Hurley and A. O. Narrow testified before the committee. John Larson, the man who was also an eye witness to the occurrences after the arrest, was also expected to testify but he is sick in the hospital and could not be present.

From the evidence that was taken last night it would seem that the officers did nothing out of the way. Many who claimed that they had seen the occurrences and who stated that they had seen the officers do the man bodily harm after the handcuffs were put on, could not be found last night.

Officer Hurley testified as to the facts surrounding the arrest, etc., and about his coming across the bridge with O'Neil. He stated that when he got to this side of the bridge and saw Officers Preston and Brockway, O'Neil began to cuss and swear and accused him of breaking a promise, he having claimed that protection was promised him if he would walk along. When he got abusive Officer Hurley turned him over to Brockway and the minute he did this O'Neil squared off on the officer. At this Officer Brockway raised his hand and slapped him on the side of the face, at the same time tripping him up. Officer Brockway then held him down while Officer Preston put the handcuffs on him.

Both officers, Brockway and Preston, testified to the facts and corroborated most of the things that Mr. Hurley had said.

A. O. Narrow and John McPharen were both eye witnesses and had seen the occurrence at the end of the bridge. They saw Brockway hit the man and Narrow testified that he thought he hit him while he was down.

All the witnesses testified that no violence was used after the man had the handcuffs on and while he was being marched off to jail. They also testified that the language used by O'Neil was something villainous in the extreme.

After hearing the evidence of the five witnesses the committee decided to recommend to the council that the two officers be entirely vindicated and exonerated.

## STRANGE DEATH.

A Mystery Surrounds the Death of a Young Girl at Cass Lake—Suggested to be Lightning.

One of the strangest deaths in the history of Cass Lake occurred late Wednesday afternoon. Mabel the 4-year-old daughter of Mr. and Mrs. C. E. Leeman had been playing in the yard in front of her parents' house, when a severe storm broke. She went into the house and reclined on the sofa. Following a severe flash of lightning and peal of thunder she jumped to her feet and grabbed her head blood at the same time oozing from her mouth.

After she had passed away, the remains were examined and the flesh covering the spine was black and blue. There were no symptoms of poisoning or anything of that kind, and it is now supposed that she succumbed as a result of a shock of lightning, which struck and shattered a tree in the rear of the house. However no other person in the room felt any bad effects from the flash. How the lightning could have been communicated to the body of the girl is a mystery.

Your boy will look well, feel well, be better in one of Linneman & Carlson's suits.

## STOP PAYING RENT.

A chance to secure a delightful home of your own located where you want it and built as you want it, for same money you are now paying for rent.

## Announcement Extraordinary.

I wish to announce to the citizens of Brainerd that I have completed arrangements whereby I am now in position to build houses and cottages in any part of the city to suit my customers, and sell them on a small cash payment the balance of purchase price and interest payable in monthly payments that amount to no more than ordinary rent.

This plan places a new up-to-date home within the reach of every thrifty family in Brainerd. More than that, it affords every family an opportunity to acquire a home for nothing, as the amount paid as rent pays for the home. Prompt action is necessary in order to complete houses this fall. See me at your earliest convenience. First come, first served. I can show plans of some very nice modern houses and cottages of neat and attractive designs.

## SCHOOL OPENS TUESDAY.

The Teachers' Committee Finding Some Difficulty to Find Teachers To Fill the Vacancies.

The schools of the city will open Tuesday morning, and Superintendent Torrens is kept busy these days making assignments, giving examinations, etc. School would have opened on Monday, but it being Labor Day it was impossible.

The teachers' committee has been in session several nights the past week taking up the matter of securing teachers to fill some vacancies. The Harrison school will not be completed by Monday, so the teachers that have been engaged for this school can be put somewhere else until more teachers can be secured. Several teachers who made application for positions and who were accepted decided at the last moment not to come, so it has been a great draw back to the committee.

It is thought that there will be an enrollment this year of 2,000 to start with, and the average attendance this year is expected to far exceed that of last year.

George McLain, Olwin, Ia.: I used to live in Brainerd thirteen years ago but since that time a great change has been wrought. There have been a great many improvements from time to time and the city is one of the most prosperous looking that I have seen for some time.

Charles E. Peabody: I was very much pleased to see the matter of good roads agitated. The roads leading to the city are certainly in horrible shape and something should be done. I tell you what I am willing to do. If the road connecting Sixth street with the Mille Lac road, about three-quarters of a mile long, is repaired and put in shape I am one who will give \$50 toward such an improvement.

## BLUECOATS ARE BOTH VINDICATED.

The Special Meeting of the Police Committee Held Last Evening

O'NEIL WAS NOT ILLTREATED

The Committee Decides to Recommend A Complete Exoneration.

The police committee composed of Alderman Fogelstrom, Gardner, Koop and Purdy met last night in council chambers and took up the matter of the investigation of the charges made against Officers Preston and Brockway to the effect that they had mistreated Frank O'Neil, the man who unlawfully attacked Officer Hurley in East Brainerd several weeks ago, after he had been arrested and handcuffed. The two officers themselves, Officer Hurley and A. O. Narrow testified before the committee. John Larson, the man who was also an eye witness to the occurrences after the arrest, was also expected to testify but he is sick in the hospital and could not be present.

From the evidence that was taken last night it would seem that the officers did nothing out of the way. Many who claimed that they had seen the occurrences and who stated that they had seen the officers do the man bodily harm after the handcuffs were put on, could not be found last night.

Officer Hurley testified as to the facts surrounding the arrest, etc., and about his coming across the bridge with O'Neil. He stated that when he got to this side of the bridge and saw Officers Preston and Brockway, O'Neil began to cuss and swear and accused him of breaking a promise, he having claimed that protection was promised him if he would walk along. When he got abusive Officer Hurley turned him over to Brockway and the minute he did this O'Neil squared off on the officer. At this Officer Brockway raised his hand and slapped him on the side of the face, at the same time tripping him up. Officer Brockway then held him down while Officer Preston put the handcuffs on him.

Both officers, Brockway and Preston, testified to the facts and corroborated most of the things that Mr. Hurley had said.

A. O. Narrow and John McPharen were both eye witnesses and had seen the occurrence at the end of the bridge. They saw Brockway hit the man and Narrow testified that he thought he hit him while he was down.

All the witnesses testified that no violence was used after the man had the handcuffs on and while he was being marched off to jail. They also testified that the language used by O'Neil was something villainous in the extreme.

After hearing the evidence of the five witnesses the committee decided to recommend to the council that the two officers be entirely vindicated and exonerated.

## STRANGE DEATH.

A Mystery Surrounds the Death of a Young Girl at Cass Lake...Suggested to be Lightning.

One of the strangest deaths in the history of Cass Lake occurred late Wednesday afternoon. Mabel the 4-year-old daughter of Mr. and Mrs. C. E. Leeman had been playing in the yard in front of her parents' house, when a severe storm broke. She went into the house and reclined on the sofa. Following a severe flash of lightning and peal of thunder she jumped to her feet and grabbed her head blood at the same time oozing from her mouth.

After she had passed away, the remains were examined and the flesh covering the spine was black and blue. There were no symptoms of poisoning or anything of that kind, and it is now supposed that she succumbed as a result of a shock of lightning, which struck and shattered a tree in the rear of the house. However no other person in the room felt any bad effects from the flash. How the lightning could have been communicated to the body of the girl is a mystery.

Your boy will look well, feel well, be better in one of Linneman & Carlson's suits.

## STOP PAYING RENT.

A chance to secure a delightful home of your own located where you want it and built as you want it, for same money you are now paying for rent.

## Announcement Extraordinary.

I wish to announce to the citizens of Brainerd that I have completed arrangements whereby I am now in position to build houses and cottages in any part of the city to suit my customers, and sell them on a small cash payment the balance of purchase price and interest payable in monthly payments that amount to no more than ordinary rent.

This plan places a new up-to-date home within the reach of every thrifty family in Brainerd. More than that, it affords every family an opportunity to acquire a home for nothing, as the amount paid as rent pays for the home. Prompt action is necessary in order to complete houses this fall. See me at your earliest convenience. First come, first served. I can show plans of some very nice modern houses and cottages of neat and attractive designs.

Several teachers who made application for positions and who were accepted decided at the last moment not to come, so it has been a great draw back to the committee.

It is thought that there will be an enrollment this year of 2,000 to start with, and the average attendance this year is expected to far exceed that of last year.

## HOLIDAY FOR LABORING CLASSES.

Details For Labor Day Are Carefully Arranged by Competent Committees.

## GREAT EVENT FOR BRAINERD.

The Big Parade will Move Promptly at 9:45 A. M.—Sports in the Afternoon.

There was a meeting of the Labor Day Association last evening and the general arrangements for the big events on Monday were discussed. The meeting was called for the purpose of going over the details and making the necessary preparations. All the committees feel that they have been well repaid for there has been a general response to the requests made.

The parade will start promptly at 9:45 o'clock. The various labor organizations and mechanical floats will form on Main street east of Sixth facing west, and all business floats, civic and other organizations will form on Main street west of Sixth, facing east. The column, headed by a detachment of police, the mayor, city council, speakers of the day and band will turn in to Sixth street promptly at 9:45 a. m., going south to Laurel, east on Laurel to Seventh south on Seventh to Norwood and back to Sixth, north on Sixth to Laurel, west on Laurel to Fifth, from there to Front street, east on Front to Seventh and Laurel, on Laurel to Eighth, crossing over north to Kingwood, on Kingwood to Fourth, and Fourth to Front, then passing the judges' stand for final inspection and disbandment.

The management has requested that all those who are going to enter the sporting events must be on hand at the Swartz driving park promptly in the afternoon. Those who are to participate in the bicycle race should be on hand promptly at 1:30 o'clock.

The train will leave the Sixth street crossing of the Northern Pacific at 1:15 o'clock sharp. Six entries have been made in the running race, four in the free-for-all and four in the green horse race.

The addresses will be made, immediately after the parade on the platform erected in the N. P. park on the corner of Front and Sixth streets. Mayor A. J. Halsted will preside at this meeting. The address of the day will be made by Hon. Dar Reese. Other addresses will be made by Hon. W. A. Fleming, Hon. W. S. McClenahan and James Boyle.

The baseball game in the afternoon at the Swartz driving park will be a great feature of the day. The game is to be played between the locals and the St. Cloud team.

The parade committee is especially anxious that all the merchants in the city turn out in the parade with some kind of a float. There will be large crowds on the street who have had their expectations worked up and they should not be disappointed.

It will be a great day all around. The business houses and public offices of the city will be closed and it will be a gala day alike for workingman and merchant.

The following racing events will take place in the afternoon at Swartz driving park:

The judges of the parade are D. D. Smith, J. M. Elder and Dr. W. Hemstead.

## BABY WAS LOST.

Little Two-Year Old Daughter of Mr. and Mrs. J. W. Koop Wanders Away From Home.

Considerable excitement was aroused last night when the little two-year old daughter of Mr. and Mrs. J. W. Koop wandered away from its home and for a time could not be found.

Mrs. Koop had been down town and was returning to her home on the north side, and she saw a little cart on this side of the track on Seventh street which she recognized as the one which her little daughter played with. She at once surmised that the baby had left home and for a time worried for fear that it had been killed by the cars. She went home and the family started out at once to search for the little girl.

She was at last found over on Laurel street and was standing among the people who were taking in the Salvation Army meeting. She was crying and could not tell her name, but one of the little Koop boys recognized her and took her home.

## ARE IN CONTEMPT

But Judge Noyes Does Not Believe That Canfield and Griffin Wore False Faces

Further light has been thrown on the Canfield-Griffin fiasco, which occurred at Nome City, the Minneapolis Journal's account being as follows:

The ownership of the Nome claim known as the "California Fraction," and of which a party of sixty-five men, under the leadership of George S. Canfield and "Jim" Griffin, attempted to take forcible possession on Aug. 15, as related in a special dispatch to the Journal yesterday from Seattle, has been a matter of litigation for some time past. Judge Noyes, of Nome, who is now in Minneapolis, says there are three claimants to the property, and that a case to determine the ownership is now in the Nome courts, the preliminary hearing having been held before him, prior to his departure for the states.

Both Canfield and Griffin, as well as the judge himself, are former residents of this city, and naturally Judge Noyes saw much of them in Alaska. If he returns to Nome the case will be tried before him, and consequently he can give no opinion as to its merits at this time. However, the general opinion seems to be that the Minneapolis men have justice on their side, although in attempting to take forcible possession of the claim they have placed themselves in contempt of court, and have unquestionably injured their cause.

"The California Fraction," said Judge Noyes this morning, "is a strip of land 20 feet wide at one end and 28 feet wide at the other. It extends 1,320 feet in length and is very valuable. As I recall the dispute over its ownership, there are three claimants to the property. When the matter came up in court a modus operandi was agreed upon, the parties then in possession being permitted to work the claim under order of court and subject to certain conditions."

The judge does not believe that the party headed by the Minneapolis men wore masks, and thinks the story of what transpired has probably been exaggerated in other respects as well. Unless the claimants in possession of the property have violated the order of the court under which they were working, the Minneapolis men would appear to have had no reason for the attack, and it is quite likely that the other party was the first to place itself in contempt of court, by disregarding some provision of the order. However, any statements as to the merits of the controversy is merely speculative, as no details of the trouble have yet reached here beyond those published last night.

Both Canfield and Griffin were arrested and were later released under heavy bonds to keep the peace; while one man was so seriously injured in the fight that he may not recover. George S. Canfield was formerly a newspaper man in this city. He was connected with the old Penny Press, and during the last campaign was at the head of the democratic press bureau. "Jim" Griffin was also well-known in Minneapolis, he having lived here for several years. His wife and family are still here, and reside on Mary place.

## Postoffice Hours on Monday.

Monday, Sept. 2nd, Labor Day, the general delivery window at the post office will be open from 9 until 10 o'clock in the morning and also immediately after the arrival and distribution of the noon mails. No money order business will be transacted.

No use talking, it is the finest on earth, that Log Cabin Java and Mocha.

## AFTER FESTIVE PRAIRIE CHICKEN.

Many Brainerd Nimrods Will Be Out Bright and Early Tomorrow Morning.

## GAME IS VERY PLENTIFUL.

Something About the Kind of of Birds That May be Shot After To-Day.

Tomorrow the hunting season for certain game in the state of Minnesota opens up and ere dawn the anxious nimrod will bethe whole thing and the reports of the gun downing the festive fowls of the air can be heard over meadow and dale.

Brainerd will furnish her quota of nimrods this year and even last night some parties started out to be ready at their familiar hunting grounds when the dawn is cleared tomorrow.

The following from the game and fish laws of Minnesota which is section 10 designates the game that can be killed commencing tomorrow:

"It shall be unlawful and is prohibited to catch, take, kill, or have in possession or ship any turtle dove, snipe, prairie chicken or pinnated grouse, white-breasted or sharp-tailed grouse, between the first day of November and the first day of September following; or any quail, partidge, ruffed grouse or pheasant between the first day of December and the first day of October following; or woodcock, upland plover, between the thirty-first (31st) day of October and the fourth day of July following; or any Mongolian, English or Chinese pheasant any time prior to the first day of September, A. D. one thousand nine hundred and four (1904); or any wild duck of any variety, or any variety of wild goose, brant, or any variety of aquatic fowl whatever between the first day of January and the first day of September following.

A party consisting of Jeff Saunders, L. Tache, F. J. Murphy, Geo. Donant and A. F. Ferns leave this afternoon at a late hour for the north, where they have a spot or two where they think there is some game. This party will undoubtedly bring in a lot of game.

W. W. Wood, Pete Cardel, William Mills, John Weber and Robert Wood go south early in the morning. They have two dogs, one named "Carrie Nation" and the other named "W. J. Bryan," and with such illustrious names the dogs ought to flush something.

Franklyn and Francis Britton, who always know where there is good hunting and who usually get the game, leave late this evening for a "spot all their own." They will return in time to take in the regular Sunday shoot of Company F.

If any one said that George Keene was not going out this year the first crack out of the box some one would likely doubt his word. He will be up and doing bright and early and will be accompanied by John McNaughton.

James R. Smith has invited his brother, Ezra Smith, up from St. Paul, and they two will go out early in the morning to look for the festive chicken.

A party consisting of William Bredfeld, of this city, and George Wilson and Ike Smith, of Staples, went to White Earth to hunt for several days. They always get good game there they say.

## STILL AT LARGE

Sheriff Tanner And Posse Still in Hot Pursuit of John McGrath's Slayes

The murderers of John McGrath are still at large although Sheriff Tanner of Little Falls, stated last night that he was even more encouraged than he had ever been and to a representative of THE DISPATCH he stated that he was confident that he would get the men. It is now learned that the three men have separated, the tall man having left the other two and made his way north. He stopped not far from the city and asked for work. He said he wanted to get to Blackduck.

The other two men are thought to be between this city and Motley some where and the officials have been so near on their heels during the past twenty-four hours that it would almost seem a miracle if they escaped being caught. It was reported that the men had been seen near the Gull river country and Sheriff Tanner and a posse of men went out last night. The report is that the men were tracked to an island. The sheriff and his posse started to row across the river but just as they were reaching the island they saw two men jump on a boom get across the water and make their escape in the dense forests.

This morning Chief Nelson was telephoned for and he went out near the mill. Some railroad men had seen two tough men near the river and later they saw them swim across.

Sheriff Hardy, of Walker, arrived here this morning and he gives an account of two saloons being broken into at Backus last night and another one at Pequot. It is said that the men wanted for these burglaries are described as being the same men who committed the murder.

Sheriff Erickson let the two boys, arrested yesterday, loose this morning it having been proven conclusively that they had no connection with the matter whatever.

All kinds of second hand goods bought. Enquire of Harry Kaatz, 7th street, next to Windsor hotel.

## Labor Day Proclamation.

Monday, Sept. 2d, Labor Day, is a legal holiday—the annual holiday of the sturdy wage-earners of our country. This day should be given up to the recreation of all who toil, and this was evidently the intention of the wise men who framed the law. I therefore earnestly request the citizens of Brainerd to put aside for the day the duties of the office, the store, the factory and the shop, and join with the thrifty sons of industry in its celebration.

I would recommend that the business houses of the city be closed during the day, that the shops, mills, and factories close down, and that all public offices be closed, as a mark of respect to the working men and women of our community.

The prosperity of the working class is the corner-stone upon which rests the happiness of all, and it is proper that the day should be devoted to the advancement of their interests.

It is now learned that the three men have separated, the tall man having left the other two and made his way north. He stopped not far from the city and asked for work. He said he wanted to get to Blackduck.

The other two men are thought to be between this city and Motley some where and the officials have been so near on their heels during the past twenty-four hours that it would almost seem a miracle if they escaped being caught. It was reported that the men had been seen near the Gull river country and Sheriff Tanner and a posse of men went out last night. The report is that the men were tracked to an island. The sheriff and his posse started to row across the river but just as they were reaching the island they saw two men jump on a boom get across the water and make their escape in the dense forests.

This morning Chief Nelson was telephoned for and he went out near the mill. Some railroad men had seen two tough men near the river and later they saw them swim across.

Sheriff Hardy, of Walker, arrived here this morning and he gives an account of two saloons being broken into at Backus last night and another one at Pequot. It is said that the men wanted for these burglaries are described as being the same men who committed the murder.

Sheriff Erickson let the two boys, arrested yesterday, loose this morning it having been proven conclusively that they had no connection with the matter whatever.

All kinds of second hand goods bought. Enquire of Harry Kaatz, 7th street, next to Windsor hotel.

### Labor Day Proclamation.

Monday, Sept. 2d, Labor Day, is a legal holiday—the annual holiday of the sturdy wage-earners of our country. This day should be given up to the recreation of all who toil, and this was evidently the intention of the wise men who framed the law. I therefore earnestly request the citizens of Brainerd to put aside for the day the duties of the office, the store, the factory and the shop, and join with the thrifty sons of industry in its celebration.

I would recommend that the business houses of the city be closed during the day, that the shops, mills, and factories close down, and that all public offices be closed, as a mark of respect to the working men and women of our community.

The prosperity of the working class is the corner-stone upon which rests the happiness of all, and it is proper that the day should be devoted to the advancement of their interests.

## HOLIDAY FOR LABORING CLASSES.

Details For Labor Day Are Carefully Arranged by Competent Committees.

### GREAT EVENT FOR BRAINERD.

The Big Parade will Move Promptly at 9:45 A. M.—Sports in the Afternoon.

There was a meeting of the Labor Day Association last evening and the general arrangements for the big events on Monday were discussed. The meeting was called for the purpose of going over the details and making the necessary preparations. All the committees feel that they have been well repaid for there has been a general response to the requests made.

The parade will start promptly at 9:45 o'clock. The various labor organizations and mechanical floats will form on Main street east of Sixth facing west, and all business floats, civic and other organizations will form on Main street west of Sixth, facing east. The column, headed by a detachment of police, the mayor, city council, speakers of the day and band will turn in to Sixth street promptly at 9:45 a. m., going south to Laurel, east on Laurel to Seventh south on Seventh to Norwood and back to Sixth, north on Sixth to Laurel, west on Laurel to Fifth, from there to Front street, east on Front to Seventh and Laurel, on Laurel to Eighth, crossing over north to Kingwood, on Kingwood to Fourth, and Fourth to Front, then passing the judges' stand for final inspection and disbandment.

The management has requested that all those who are going to enter the sporting events must be on hand at the Swartz driving park promptly in the afternoon. Those who are to participate in the bicycle race should be on hand promptly at 1:30 o'clock.

The train will leave the Sixth street crossing of the Northern Pacific at 1:15 o'clock sharp. Six entries have been made in the running race, four in the free-for-all and four in the green horse race.

The addresses will be made, immediately after the parade on the platform erected in the N. P. park on the corner of Front and Sixth streets. Mayor A. J. Halsted will preside at this meeting. The address of the day will be made by Hon. Dar Reese. Other addresses will be made by Hon. W. A. Fleming, Hon. W. S. McClenahan and James Boyle.

The baseball game in the afternoon at the Swartz driving park will be a great feature of the day. The game is to be played between the locals and the St. Cloud team.

The parade committee is especially anxious that all the merchants in the city turn out in the parade with some kind of a float. There will be large crowds on the street who have had their expectations worked up and they should not be disappointed.

It will be a great day all around. The business houses and public offices of the city will be closed and it will be a gala day alike for workingman and merchant.

The following racing events will take place in the afternoon at Swartz driving park:

Free-for-all trot or pace—\$200 purse.

Green race, trot or pace—\$100 purse.

Running race, best two in three, one-half-mile dash—\$75 purse.

Free-for-all bicycle race—\$15 purse.

Green bicycle race—\$10 purse.

Foot race, one hundred yard dash—\$10 purse.

Quarter mile boys' bicycle race boys under 16 years—\$5 purse.

Base ball game, Brainerd vs. Aitkin—\$25 purse.

In the evening some other races will be pulled off down town as follows:

Pole vault, free-for-all—\$25 purse.

Horse race—\$40 purse.

The following prizes have been offered for those participating in the parade:

Best mechanical float—First prize, \$50; second prize, \$30; third prize, \$20.

Best appearing business float—First prize, \$50; second prize, \$25.

Best appearing body of men from any labor department—Prize, \$25.

Best appearing civic body of men—Prize, \$25.

Most comical float—First prize, \$15; second prize, \$10.

Best farmer's turnout—First prize, \$10; second prize, \$5.

Most comical body of men—Prize, \$10.

Most comical individual—First prize, \$4; second prize, \$2.

Gents' best appearing bicycle and rider—Prize, \$5.

Ladies' best appearing bicycle and rider—Prize, \$5.

Most comical bicycle and rider—Prize, \$2; second prize, \$1.

Best appearing marshal in parade—First prize, \$4; second prize, \$3.

The judges of the parade are D. D. Smith, J. M. Elder and Dr. W. Hemstead.

### BABY WAS LOST.

Little Two-Year Old Daughter of Mr. and Mrs. J. W. Koop Wanders Away From Home.

Considerable excitement was aroused last night when the little two-year old daughter of Mr. and Mrs. J. W. Koop wandered away from its home and for a time could not be found.

Mrs. Koop had been down town and was returning to her home on the north side, and she saw a little cart on this side of the track on Seventh street which she recognized as the one which her little daughter played with. She at once surmised that the baby had left home and for a time worried for fear that it had been killed by the cars. She went home and the family started out at once to search for the little girl.

She was at last found over on Laurel street and was standing among the people who were taking in the Salvation Army meeting. She was crying and could not tell her name, but one of the little Koop boys recognized her and took her home.

### ARE IN CONTEMPT

But Judge Noyes Does Not Believe That Canfield and Griffin Were False Faces

Further light has been thrown on the Canfield-Griffin fiasco, which occurred at Nome City, the Minneapolis Journal's account being as follows:

The ownership of the Nome claim known as the "California Fraction," and of which a party of sixty-five men, under the leadership of George S. Canfield and "Jim" Griffin, attempted to take forcible possession on Aug. 15, as related in a special dispatch to the Journal yesterday from Seattle, has been a matter of litigation for some time past. Judge Noyes, of Nome, who is now in Minneapolis, says there are three claimants to the property, and that a case to determine the ownership is now in the Nome courts, the preliminary hearing having been held before him, prior to his departure for the states.

Both Canfield and Griffin, as well as the judge himself, are former residents of this city, and naturally Judge Noyes saw much of them in Alaska. If he returns to Nome the case will be tried before him, and consequently he can give no opinion as to its merits at this time. However, the general opinion seems to be that the Minneapolis men have justice on their side, although in attempting to take forcible possession of the claim they have placed themselves in contempt of court, and have unquestionably injured their cause.

"The California Fraction," said Judge Noyes this morning, "is a strip of land 20 feet wide at one end and 28 feet wide at the other. It extends 1,320 feet in length and is very valuable. As I recall the dispute over its ownership, there are three claimants to the property. When the matter came up in court a modus operandi was agreed upon, the parties then in possession being permitted to work the claim under order of court and subject to certain conditions."

The judge does not believe that the party headed by the Minneapolis men wore masks, and thinks the story of what transpired has probably been exaggerated in other respects as well. Unless the claimants in possession of the property have violated the order of the court under which they were working, the Minneapolis men would appear to have had no reason for the attack, and it is quite likely that the other party was the first to place itself in contempt of court, by disregarding some provision of the order. However, any statements as to the merits of the controversy is merely speculative, as no details of the trouble have yet reached here beyond those published last night. Both Canfield and Griffin were arrested and were later released under heavy bonds to keep the peace; while one man was so seriously injured in the fight that he may not recover.

George S. Canfield was formerly a newspaper man in this city. He was connected with the old Penny Press, and during the last campaign was at the head of the democratic press bureau. "Jim" Griffin was also well-known in Minneapolis, he having lived here for several years. His wife and family are still here, and reside on Mary place.

### Postoffice Hours on Monday.

Monday, Sept. 2nd, Labor Day, the general delivery window at the postoffice will be open from 9 until 10 o'clock in the morning and also immediately after the arrival and distribution of the noon mails. No money order business will be transacted.

No use talking, it is the finest on earth, that Log Cabin Java and Mocha.

## AFTER FESTIVE PRAIRIE CHICKEN.

Many Brainerd Nimrods Will Be Out Bright and Early Tomorrow Morning.

### GAME IS VERY PLENTIFUL.

Something About the Kind of of Birds That May Be Shot After To-Day.

Tomorrow the hunting season for certain game in the state of Minnesota opens up and ere dawn the anxious nimrod will be the whole thing and the reports of the gun downing the festive fowls of the air can be heard over meadow and dale.

Brainerd will furnish her quota of nimrods this year and even last night some parties started out to be ready at their familiar hunting grounds when the dawn is cleared tomorrow.

The following from the game and fish laws of Minnesota which is section 10 designates the game that can be killed commencing tomorrow:

"It shall be unlawful and is prohibited to catch, take, kill, or have in possession or ship any turtle dove, snipe, prairie chicken or pinnated grouse, white-breasted or sharp-tailed grouse, between the first day of November and the first day of September following; or any quail, partridge, ruffed grouse or pheasant between the first day of December and the first day of October following; or woodcock, upland plover, between the thirty-first (31st) day of October and the fourth day of July following; or any Mongolian, English or Chinese pheasant any time prior to the first day of September, A. D. one thousand nine hundred and four (1904); or any wild duck of any variety, or any variety of wild goose, brant, or any variety of aquatic fowl whatever between the first day of January and the first day of September following.

A party consisting of Jeff Saunders, L. Tache, F. J. Murphy, Geo. Donant and A. F. Ferris leave this afternoon at a late hour for the north, where they have a spot or two where they think there is some game. This party will undoubtedly bring in a lot of game.

W. W. Wood, Pete Cardel, William Mills, John Weiber and Robert Wood go south early in the morning. They have two dogs, one named "Carrie Nation" and the other named "W. J. Bryan," and with such illustrious names the dogs ought to flush something.

Franklyn and Francis Britton, who always know where there is good hunting and who usually get the game, leave late this evening for a "spot all their own." They will return in time to take in the regular Sunday shoot of Company F.

If any one said that George Keene was not going out this year the first crack out of the box some one would likely doubt his word. He will be up and doing bright and early and will be accompanied by John McNaughton.

James R. Smith has invited his brother, Ezra Smith, up from St. Paul, and they two will go out early in the morning to look for the festive chicken.

A party consisting of William Bredfeld, of this city, and George Wilson and Ike Smith, of Staples, went to White Earth to hunt for several days. They always get good game there they say.

### STILL AT LARGE

Sheriff Tanner And Posse Still in Hot Pursuit of John McGrath's Slayers

The murderers of John McGrath are still at large although Sheriff Tanner of Little Falls, stated last night that he was even more encouraged than he had ever been and to a representative of THE DISPATCH he stated that he was confident that he would get the men. It is now learned that the three men have separated, the tall man having left the other two and made his way north. He stopped not far from the city and asked for work. He said he wanted to get to Blackduck.

The other two men are thought to be between this city and Motley some where and the officials have been so near on their heels during the past twenty-four hours that it would almost seem a miracle if they escaped being caught. **PROBABLE CORN YIELD**  
BRADSTREETS BELIEVES THAT THE DAMAGE HAS BEEN OVERESTIMATED.  
DECREASE OF 30 PER CENT  
Fortunate Combination of Pienteous Rains and Not Too Hot Growing Weather Has Repaired Some of the Havoc Wrought by the Drouth in July—Price Will Be Fully Forty Per Cent Higher Than Last Year.

New York, Aug. 31.—Bradstreets' says: Late advice as to the probable corn crop yield and as to the resulting effect upon the general business of the country have made a rather saner view of the subject than could be taken some six weeks or two months ago, when the intense dry heat wave prevailed and when crop experts raged up and down the land seeking what they could destroy. With the greatest respect for the aforesaid crop authorities, it might be added that the corn crop suffered severely at their hands, but the fortunate combination of pienteous rains and not the hot growing weather since that time have quite perceptibly repaired some of the damage which the crop suffered from various sources in the fevered days of July. It was with the idea of getting a clearer view of the actual situation in the closing week of August that Bradstreets sent inquiries to all its offices and correspondents, not only in the surplus corn growing states, but in the leading Middle and Southern states as well.

A consolidation of the replies from the several surplus states of Iowa, Kansas, Nebraska, Illinois, Missouri, Indiana and Ohio, percentages of increase of decrease by states being based upon the reported yields as indicated by the department of agriculture, point to a reduction in the yield of those states of not far from 650,000,000 bushels from a year ago. Smaller decreases are likewise indicated in the smaller

**Corn Producing States.**  
Like Texas, Tennessee and Kentucky, sufficient to swell the shortage by perhaps 25,000,000 bushels. Against this is to be noted larger productions reported in such states as New York, Maryland, Virginia and South Dakota, which, while not sufficient to offset these decreases, still limit the falling off so that a shortage of not to exceed 675,000,000 bushels in the country's total crop is to be looked for. The continuance of the improvement noted in the late planted crop, with the holding off of frost, may still further operate to enlarge the total yield. On the face of the returns, however, a yield of not less than 1,400,000,000 bushels is indicated for 1901, a decrease of about 30 per cent from a year ago.

Replies to the question of farm prices bring out the fact that present prices per bushel are fully 40 per cent higher than a year ago. The farm price for the entire United States a year ago was in the neighborhood of 36 cents and a 40 per cent increase in price would point to at least 51 cents per bushel being realized this year, which, applied to a total yield of 1,400,000,000 bushels, would net a total return of about \$715,000,000, a year, against \$751,000,000, a decrease of only \$36,000,000, or less than 5 per cent.

**CHARGED WITH SWINDLING.**  
Alonzo J. Whiteman Under Arrest at Boston.  
Boston, Aug. 31.—On the charge of swindling two firms of brokers in this city, Alonzo J. Whiteman, former state senator in Minnesota, was arrested during the afternoon. Whiteman has been sentenced in New York for swindling and while waiting for a certificate of reasonable doubt, which he hoped to secure, he was out on bail and came to this city. It is alleged that he secured a loan of \$487.50 early this week from William Hunt & Co., brokers, to use in speculating, representing that he had \$2,000 on deposit in the Brookline bank, and giving his name as Carl G. Burdick of Brookline. On Tuesday, it is claimed, he passed a check for \$3,000, afterward found to be bogus, drawn on the Brookline bank. Armstrong, Schirmer & Co., another brokerage firm, being the alleged victims this time. After being arrested the police say he admitted his identity.

An Omaha Editor Bitten by a Mad-dened Baboon.  
Omaha, Aug. 31.—William A. Pixley, amusement editor of a local paper, was perhaps fatally injured by a mad-dened baboon. Mr. Pixley was visiting the dressing tent of a dog and pony show, accompanied by his sister. The baboon, known as "Jim Robinson," attacked Pixley, biting him several times and opening the flesh in gaping wounds. The Pasteur treatment was at once administered to prevent the spread of the poison caused by the animal's teeth. The management of the show say the baboon objected to the presence of a woman in the tent.

**PROBABLE CORN YIELD**

**BRADSTREETS BELIEVES THAT THE DAMAGE HAS BEEN OVERESTIMATED.**

**DECREASE OF 30 PER CENT**

Fortunate Combination of Pienteous Rains and Not Too Hot Growing Weather Has Repaired Some of the Havoc Wrought by the Drouth in July—Price Will Be Fully Forty Per Cent Higher Than Last Year.

New York, Aug. 31.—Bradstreets' says: Late advices as to the probable corn crop yield and as to the resulting effect upon the general business of the country have made a rather saner view of the subject than could be taken some six weeks or two months ago, when the intense dry heat wave prevailed and when crop experts raged up and down the land seeking what they could destroy. With the greatest respect for the aforesaid crop authorities, it might be added that the corn crop suffered severely at their hands, but the fortunate combination of pienteous rains and not the hot growing weather since that time have quite perceptibly repaired some of the damage which the crop suffered from various sources in the fevered days of July. It was with the idea of getting a clearer view of the actual situation in the closing week of August that Bradstreets sent inquiries to all its offices and correspondents, not only in the surplus corn growing states, but in the leading Middle and Southern states as well.

A consolidation of the replies from the several surplus states of Iowa, Kansas, Nebraska, Illinois, Missouri, Indiana and Ohio, percentages of increase or decrease by states being based upon the reported yields as indicated by the department of agriculture, point to a reduction in the yield of those states of not far from 650,000,000 bushels from a year ago. Smaller decreases are likewise indicated in the smaller

**Corn Producing States.**

Like Texas, Tennessee and Kentucky, sufficient to swell the shortage by perhaps 25,000,000 bushels. Against this is to be noted larger productions reported in such states as New York, Maryland, Virginia and South Dakota, which, while not sufficient to offset these decreases, still limit the falling off so that a shortage of not to exceed 675,000,000 bushels in the country's total crop is to be looked for. The continuance of the improvement noted in the late planted crop, with the holding off of frost, may still further operate to enlarge the total yield. On the face of the returns, however, a yield of not less than 1,400,000,000 bushels is indicated for 1901, a decrease of about 30 per cent from a year ago.

Replies to the question of farm prices bring out the fact that present prices per bushel are fully 40 per cent higher than a year ago. The farm price for the entire United States a year ago was in the neighborhood of 36 cents and a 40 per cent increase in price would point to at least 51 cents per bushel being realized this year, which, applied to a total yield of 1,400,000,000 bushels, would net a total return of about \$715,000,000 this year, against \$751,000,000, a decrease of only \$36,000,000, or less than 5 per cent.

**PROBABLE CORN YIELD**

BRADSTREETS BELIEVES THAT THE DAMAGE HAS BEEN OVERESTIMATED.

**DECREASE OF 30 PER CENT**

Fortunate Combination of Pienteous Rains and Not Too Hot Growing Weather Has Repaired Some of the Havoc Wrought by the Drouth in July—Price Will Be Fully Forty Per Cent Higher Than Last Year.

New York, Aug. 31.—Bradstreets' says: Late advices as to the probable corn crop yield and as to the resulting effect upon the general business of the country have made a rather saner view of the subject than could be taken some six weeks or two months ago, when the intense dry heat wave prevailed and when crop experts raged up and down the land seeking what they could destroy. With the greatest respect for the aforesaid crop authorities, it might be added that the corn crop suffered severely at their hands, but the fortunate combination of pienteous rains and not the hot growing weather since that time have quite perceptibly repaired some of the damage which the crop suffered from various sources in the fevered days of July. It was with the idea of getting a clearer view of the actual situation in the closing week of August that Bradstreets sent inquiries to all its offices and correspondents, not only in the surplus corn growing states, but in the leading Middle and Southern states as well.

A consolidation of the replies from the several surplus states of Iowa, Kansas, Nebraska, Illinois, Missouri, Indiana and Ohio, percentages of increase of decrease by states being based upon the reported yields as indicated by the department of agriculture, point to a reduction in the yield of those states of not far from 650,000,000 bushels from a year ago. Smaller decreases are likewise indicated in the smaller

**INJURIES MAY BE FATAL.**

An Omaha Editor Bitten by a Madder Baboon.

Omaha, Aug. 31.—William A. Pixley, amusement editor of a local paper, was perhaps fatally injured by a madder baboon. Mr. Pixley was visiting the dressing tent of a dog and pony show, accompanied by his sister. The baboon, known as "Jim Robinson," attacked Pixley, biting him several times and opening the flesh in gaping wounds. The Pasteur treatment was at once administered to prevent the spread of the poison caused by the animal's teeth. The management of the show say the baboon objected to the presence of a woman in the tent.

**BURIED BY EARTH AND ROCK.**

First Fatality in Years at Lake Superior Hard Ore Mine.

Ishpeming, Mich., Aug. 31.—Edward Liberty, a laborer employed at the Lake Superior hard ore mine, was instantly killed by a surface cave-in. He was removing the section cross bars from the pulley poles when the ground under him gave way. His body was buried under 100 feet of earth and rock and it will be impossible to recover it for at least a week. He is survived by a wife and five small children. The accident was the first fatality at this mine in seven years.

like Texas, Tennessee and Kentucky, sufficient to swell the shortage by perhaps 25,000,000 bushels. Against this is to be noted larger productions reported in such states as New York, Maryland, Virginia and South Dakota, which, while not sufficient to offset these decreases, still limit the falling off so that a shortage of not to exceed 675,000,000 bushels in the country's total crop is to be looked for. The continuance of the improvement noted in the late planted crop, with the holding off of frost, may still further operate to enlarge the total yield. On the face of the returns, however, a yield of not less than 1,400,000,000 bushels is indicated for 1901, a decrease of about 30 per cent from a year ago.

Replies to the question of farm prices bring out the fact that present prices per bushel are fully 40 per cent higher than a year ago. The farm price for the entire United States a year ago was in the neighborhood of 36 cents and a 40 per cent increase in price would point to at least 51 cents per bushel being realized this year, which, applied to a total yield of 1,400,000,000 bushels, would net a total return of about \$715,000,000 this year, against \$751,000,000, a decrease of only \$36,000,000, or less than 5 per cent.

**CHARGED WITH SWINDLING.**

Alonso J. Whiteman Under Arrest at Boston.

Boston, Aug. 31.—On the charge of swindling two firms of brokers in this city, Alonso J. Whiteman, former state senator in Minnesota, was arrested during the afternoon. Whiteman has been sentenced in New York for swindling and while waiting for a certificate of reasonable doubt, which he hoped to secure, he was out on bail and came to this city. It is alleged that he secured a loan of \$487.50 early this week from William Hunt & Co., brokers, to use in speculating, representing that he had \$2,000 on deposit in the Brookline bank, and giving his name as Carl G. Burdick of Brookline. On Tuesday, it is claimed, he passed a check for \$3,000, afterward found to be bogus, drawn on the Brookline bank, Armstrong, Schrimmer & Co., another brokerage firm, being the alleged victims this time. After being arrested the police say he admitted his identity.

**PLACED TIES ON THE TRACK.**

Attempt to Wreck a Passenger Train Near New Ulm, Minn.

New Ulm, Minn., Aug. 31.—For the third time within a year an attempt has been made to wreck trains on the Minneapolis and St. Louis road south of New Ulm. Each time ties have been placed along the track in the night. At an early hour the north-bound passenger ran into a pile between this city and Searles, the first station south. Within a mile the fireman, who walked ahead of the train, found other piles of ties.

"Corn King's" New Company.

Springfield, Ill., Aug. 31.—The secretary of state has issued articles of incorporation to George H. Phillips Grain company, Chicago, with a capital stock of \$500,000. The company will do a general brokerage and grain business. Incorporators are George F. Phillips, the late "corn king," Jacob Ringer and William Wilbartz, all of Chicago.

Presbyterian Committee Adjourns.

Sartoga, N. Y., Aug. 31.—The Presbyterian general assembly committee on revision of the Westminster confession during the afternoon received reports of progress made by its three sections and adjourned to meet in the Church of the Covenant, Washington, Dec. 4.
